

Norfolk Constabulary Gala Day held at the Royal Norfolk Showground

The East Coast Pedalers continued the long involvement of the NACC with the Norwich Police Gala Day held at the Royal Norfolk Showground on August 31st.

A wide range of Cyclemotors, Autocycles, Mopeds, Sports Mopeds and a Corgi kept the Public Interested throughout the day. We are thinking of employing a 'Minder' for our TV, Radio & Media star Terry Keable as he was constantly being congratulated by the Public for his End to End achievement, he did find time to go off and get an Ice Cream however.

Dave Watson looks like adding even more machines to his collection having been contacted by members of the public to collect unwanted machines - 5 at the last count. We had several local NACC members pop in for a visit - and a cup of tea.

Many thanks to Terry, Dave, Roly, Brian Lilly and Debbie for taking time to look after the stand while others went off to look around the other exhibits.

All in all another great day for the East Coast Pedalers Roadshow !

Carl Squirrell

Terry's pitch with the End to End info and Raleighs.

Nice pair of Cyclemotors belong to Dave Watson and Brian Lilly

Lots of Interest in Roly's SS50.

Our machines dwarfed by one of the many Trucks at the events (Pity their horns weren't as ineffective as ours !)
