

North Wilts run from The Prince of Wales Wootton Bassett - 26th September 2010

A very cold day which I think must have put some people off. A new route from Dennis & Jenny of 38 miles which we cut short by 5 miles due to the cold. At 10.30 am we thought we would have to call it off as only Dennis was there, and then Rod Western turned up with his lovely Puch Monza. A few minutes later John Ewart arrived with Mr Stanford (a new rider to us) and this was enough to say lets go! Mr Stanford had just acquired a lovely Peugeot Vogue in stunning white which in spite of being 19 years old looked like new! A bit of a mystery here as the log book says it is a Fiat, can anyone tell us why please?

Riders were as follows:- Dennis on NSU Quickly Rod Western Puch Monza John Ewart Honda SS90 Mr V Stanford Peugeot Vogue
Thanks to all for attending Richard Woodbridge
