

The 2008 C2C2C Run

For some groups the Coast to Coast is not really enough of a challenge, so why not do it both ways like this lot?

The group consisted of Garelli, Gerosa, Motobi, Mobylette, Puch, NSU Quickly. Being foolhardy first-timers we had elected to ride back again on the Monday. Some clown had the bright idea of booking the youth hostel at the top of Honister Pass on the Sunday night. Just for reference, most mopeds struggle on 25% gradients - when its also torrential rain, a howling gale and 2 inches of water pouring down the road it gets interesting and energetic.

Anyway we did it and felt duly pleased with ourselves.

Our next trip out is planned for 16/17 August - a ride down the Tweed Valley from Biggar to Berwick-on-Tweed. Overnight in Berwick then back to Biggar on Sunday. There's still time to join us.....
