

East Coast Pedalers 'do' The Hacheston Vehicle and Bygone Rally

Sunday June 29th saw the second official event held by the East Coast Pedalers section. This comprised a static display at the Hacheston Bygones Rally where we had 18 machines on display ranging from the cyclemotors of David Whatling and Keith Rutledge to the Sports Mopeds of Debbie Doy and Roland Scarce. We outnumbered the bigger classic bikes on display threefold and more people took interest in our 'tiddlers' than the various Triumphs, Matchlesses and Harleys on show. We also had a road run to Rendham White Horse where we enjoyed delicious Steak sandwiches and chips, and we called in at the Parham Air Museum on the return leg. A great time was had by all and we hope to repeat the event next year.
