

Hacheston Bygones and Classic Vehicle Display

June 28th saw the East Coast Pedalers meet up at the Hacheston Bygones and Classic Vehicle Display.

15 NACC members brought along 23 machines to make an impressive display, we had machines of all types ranging from Luke Booth's Levis, right through to Mark Gibb's Ariel 3 / Honda hybrid. 8 members decided to brave the heat and venture out on a 19 mile road run whilst the rest of us stayed on site to answer the many questions that were put forward by the interested public.

No major casualties on the road run - there was one but you will have to wait for the report in Buzzing to find out who ! At the end of the day the event organisers held a raffle and the East Coast Pedalers did very well winning many prizes especially Roly whose tickets got pulled out 4 times !

Another great day many thanks to everyone who helped make it a success, we now look forward to the next one at Nedging on July 12th which is a new venue for us but it is sure to be good as Mick Sudds is organising it !!
