

South West Lincs Section Run 19 July 2009

The run was from the Royal Oak pub in Long Bennington near Newark to the Bubblecar Museum at Byrds Leap near Cranwell. Lunch was taken at the Byrds Leap cafe.

The machines attracted the attention of many visitors to the cafe, particularly Carl Squirrel's Honda PC and sidecar. Riders then visited the museum to remind themselves of the transport options for the motorist on a budget in the 50's and 60's.

The Mini did for them all.

All the best
David McKenny
