

## Terry's Ultimate Sundae Run August 9th, 2009

A good selection of members and machines turned up at Wickham Market on a glorious sunny day for Terry's Ultimate Sundae Run, a good turn out of Norfolk folk - including Frank - as well as the usual Suffolk crowd; but one Norfolk member thought he had turned up at the wrong event as there was only one (Roly's ) PC50 present !!

Unfortunately Terry was unable to ride a machine as his broken foot has not yet healed, he was offered and tried Dave Watson's Nippi trike but declined !

So it was left to local man Brian Barley to lead us out on the route, after a bit of confusion at the Easton Farm Park turn off, it was decided that Carl would go ahead at every main turning to direct the riders on the route, this worked well until whilst waiting for Frank he missed one junction and unbeknown to both Frank and Carl the others had decided to go a longer route which was not on Terry's direction sheet !!

So the Cucciolo and Puch Grand Prix arrived at the Hungry Horse in Claydon several minutes behind the main pack. A hearty meal and a particularly good pint were enjoyed by one and all, and Terry and Frank had a small ice cream for good measure.

We left the pub as one group, but this time Mick Sudds took charge and led the way, the lure of Ice Cream proved too much for Terry however so an unscheduled stop at Woodbridge Riverside Ice Cream parlour was made, after some time we then made the short trip back to Wickham Market accompanied by the melodic sounds of Frank's rear spokes snapping every few hundred yards.

Many thanks for the Breakdown recovery service provided by Terry Keable and Richard Layton.
